INNO5ENSE

# Nature's Gift

The most intricate and perhaps the most absorbing question before mankind in history of medicine has always been that whether Ayurveda is the oldest Recorded School of Medicine?

Today after much scientific analysis, it has been established by scholars that Inno5ense healing spray is very injunctive to health as it helps in eradicating many diseases. The concept of Inno5ense healing spray may be well compared to the effect of an injection which is given to a person. Just as when an injection is given, the medicine reaches the blood stream and its action helps in relieving the affected body part the same way the Inno5ense healing spray works.

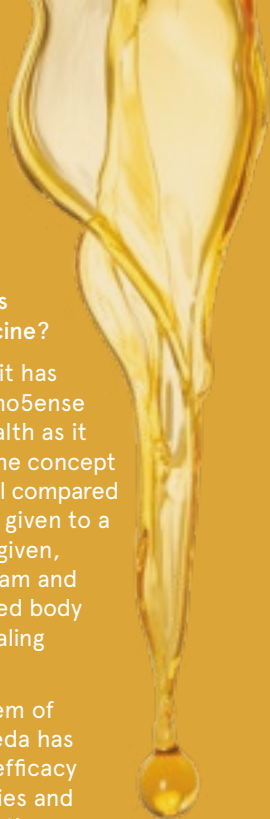

Besides being one of the oldest system of medicine recorded in history, Ayurveda has stand the bitter test of time and its efficacy have been proved with all technologies and researches based on clinical examinations.

After intricate and subtle study of our Ayurvedic texts in collaboration with all necessary Laboratory Investigations, Nirvaved 5 Lotus Enterprise Limited has the intense pleasure and deep honor to present the world with one of the most striking combination of ayurvedic herbal oils, in the form of a healing spray namely "Inno5ense". We are sure "Inno5ense" will touch the lives of millions and billions of people throughout the world, bestowing health on their way.

As a REHABILITATION against smoking nicotine cigarette it will certainly mark its imprint in the page of history. Inhaling nicotine has a series of health damaging effects which may even be dreadful. Besides helping people to quit smoking, Inno5ense will also bless us with unlimited positive effects it has on our health, thus preventing the occurrence of life threatening diseases like mouth cancer, lung cancer, hypertension, thrombosis among others.

Inno5ense Healing Spray is a 2000 year old essential ayurvedic oil secret based on Ayurvedic principles that helps the body heal itself that many has forgotten.
